SMITHSONIAN  
DESIGN TRIENNIAL

We are so proud of East Jordan's high school Spanish class who participated in the 2023 "Youth Innovation in Rural America" challenge at Raven Hill. Their project was chosen by Cooper Hewitt, Smithsonian Design Museum to be one of 25 featured exhibits in the *Making Home– Smithsonian Design Triennial* in New York City.

The Smithsonian is flying these students to Manhattan for the exhibit opening, live streamed to us in Michigan. Be part of something incredible! Come celebrate the outstanding achievements of our students. Don't miss this chance to cheer them on and be inspired!

**LIVE STREAM EXHIBIT OPENING  
FRIDAY, NOV 1, 2024, 6-8pm**
