“Like 9/11, COVID-19 will unquestionably transform our approach to security and politics. Unlike 9/11, it ***should*** spur us to reorient U.S. strategy around improving human health, prosperity, and opportunity—both at home and around the world.”

-Alexandra Stark, author & researcher

Both 9/11 and COVID-19 remind us that life is but a precious moment in time. Find your place of peace; remember those we have lost then and now; and be an agent of change in your corner of the world—be kind, caring and compassionate.
