

LABOR DAYS

AN EXHIBIT IN COLLABORATION
WITH THE SMITHSONIAN

AUG 15 - SEP 30 OF 2020

Exhibit Open Daily 10 am to 4 pm

Raven Hill Discovery Center is collaborating with the Smithsonian's Museum on Main Street (MoMS) program in a pilot project about the history of work. As one of only ten organizations in the entire United States, Raven Hill will work with Smithsonian staff to create the exhibit: **Labor Days**. The exhibit will chronicle the rise & fall of industry around Lake Charlevoix, Michigan, most especially in the towns of Charlevoix, Ironton, East Jordan, Advance, Boyne City, Horton Bay and Walloon, over the past 150 years and will parallel those industrial ups and downs with the rise and fall of industry in Michigan, the nation and around the world during that same time period.
