

HAM Radio Course

for anyone interested in amateur radio!

Four Tuesdays, 6-8pm
April 8, 15, 22, 29
Cost is \$50

Connect science and history in this fun series! You'll learn the history of radio communications, how to use radios for emergency preparedness, participate in world-wide communications and make friends from all over the planet!

At the conclusion of the course, a technician license test will be available for \$15.

TO REGISTER:

Email info@miravenhill.org
or call 231-536-3369

You'll get:

- Technical training to get your amateur radio technician license
- Instruction by John Clements, member of the Top of Michigan Amateur Radio Club (TOMARC)
- Snacks!

You'll need:

"2022-2026 Technician Class"
by Gordon West

Purchase before class or order from Raven Hill.
